## Testimonials

“

*We have been utilising the services of AMES Direct for over 15 years. The service AMES Direct provides has been the leading reason for this ongoing relationship. Not only in ensuring prompt and efficient delivery of ordered items at very competitive pricing but the performance of our rollers is above standard. In the world of Wagering, the abilities of AMES Direct to supply and respond in a timely manner is invaluable, especially before our busiest day of the year (Melbourne Cup). I have no hesitation in recommending AMES Direct for all your Rubber Roller needs.*

**Steve Ryan - Workshop Supervisor**

BYTECRAFT SYSTEMS

*Our family business of nearly 50 years has been designing and manufacturing products for the international market place. Consistent quality, reliability, service and great advice is of the utmost importance in any field. We therefore acknowledge all of the above and more for decades from AMES Direct and their friendly staff. They come highly recommended by us as a 5-star manufacturer and supplier.*
